ISA
Technical
Training
coming to
Pennsylvania!

Discover the heights of your true potential.

Attend ISA Technical Training Camp—Philadelphia 2015

Presented by ISA and the ISA Philadelphia Section

By attending one or more of the intensive, technical training events that make up ISA Technical Training Camp, you'll attain the comprehensive, in-depth training you need to reach your true potential.

During five consecutive weeks in August, ISA's world-renowned subject-matter experts will assemble in Pennsylvania to provide intensive, world-class technician skills, automation engineering, safety and security courses with these **outstanding benefits**:

- Highly condensed, **rigorous instruction** that speeds learning and mastery of skills while saving time and expenses
- Continuing Education Units (**CEUs**) and Professional Development Hours (**PDHs**) for each course successfully completed
- The opportunity to take **multiple ISA training courses** at one location

LOCATION:

Ives Equipment Corporation
601 Croton Road
King of Prussia, PA 19406
(Philadelphia Area)

Course Schedule**

WEEK 1 (3–7 AUGUST)

Automation Engineering Survival Training (AEST)

WEEK 2 (10–14 AUGUST)

Technician Training Boot Camp (TTBC)

WEEK 3 (17–21 AUGUST)

Safety Instrumented Systems Boot Camp (Part 1)

- Introduction to Safety Instrumented Systems for the Process Industry (EC50CT)
- Safety Instrumented Systems—Design, Analysis, and Justification (EC50)

WEEK 4 (24–27 AUGUST)

Safety Instrumented Systems Boot Camp (Part 2)

- Advanced Safety Integrity Level (SIL) Selection (EC52)
- Advanced Design and SIL Verification (EC54)

WEEK 5 (31 AUGUST – 1 SEPTEMBER)

Industrial Cybersecurity Training

- Using the ANSI/ISA-62443 Standards to Secure Your Industrial Control System (IC32)

** Class size is limited, and registrations will be filled on a first-come- first-served basis.
